Regardless of the type of resume (military or civilian), the morning session will be of benefit to anyone looking to update or enhance information contained in their current resume. Items to be discussed are as follows: Types of resumes, elements of resumes, resume pitfalls, converting military skills to civilian applications, cover letters, interviewing, dressing for interviews, salary negotiations, etc. Also included is information on Resumix and applying for and interviewing for GS jobs.

There will be a tribute to the Fallen Female Warrior at the Legislative Luncheon held on Tuesday, July 13, 2010 which will provide a time to honor those who have given their lives in service to our country.

The afternoon session will be a panel discussion which will provide insight for both military and non military individuals. Topics for discussion will center on how to succeed in a predominantly male work environment, how to manage being in the military while dealing with the needs of family and home and mapping your Government Career. All of these topics are valuable and timely regardless of where we serve.
